

This offer is for new and existing Cambrian Credit Union members where a new residential mortgage is approved and funded meeting the minimum qualifications.

In order to receive this incentive, all members must be set up with an Unfee qualifying Premium Banking Account. A new mortgage is considered to be one that is new to Cambrian and not a transfer from another financial institution. To qualify for this offer, the minimum mortgage balance must be greater than \$150,000 in new financing and have a minimum 3 year term. For all qualifying residential mortgages approved or pre-approved between March 15<sup>th</sup> and June 30<sup>th</sup>, 2017, Cambrian will credit \$500 to your Premium Banking or Savings account within 60 days of your mortgage being funded. Mortgages must be funded before December 31<sup>st</sup>, 2017. If your mortgage is closed or is in default during the term, this offer will be invalid and incentives received will be paid back to Cambrian. This offer is not available for any commercial or rental property mortgages. Only one incentive offer is made available per member. All mortgage approvals and amortization repayment schedules are based on each individual member's creditworthiness. This is a limited time offer that is subject to change or cancellation at any time without notice.
