WELCOME

Each and every day Cambrian Credit Union helps its members succeed financially with market leading interest rates and professional, hassle-free service.

That's the way it's been since we first opened our doors in 1959 and we continue that tradition today by offering great value through programs such as our Cambrian Best Pricing policy and free banking through The Unfee.

We're proud to say that most people still come to us referred by friends or family, or attracted by our reputation as a reliable provider of a full range of affordable financial services. We offer fast and convenient online, telephone and ATM banking services in addition to our traditional services at our 11 branches in Winnipeg and Selkirk.

We also provide access to a full range of investment services including a full-service brokerage[†] as well as an online brokerage[†]. Through our Commercial Services department, Cambrian is also recognized as a leading provider of financial services to Manitoba's diversified business sector.

By helping our members build strong financial foundations, we expect to continue our growth in the years to come, getting stronger and building on our tradition of great rates and great service.

[†] See page 29.
