

New Mortgage \$500 Cash Bonus – Official Terms and Conditions

For all qualifying new residential mortgages approved or pre-approved starting March 14, 2019, Cambrian will credit \$500 to your Premium Banking or Savings account within 60 days of your mortgage being funded. A new mortgage is considered to be one that is new to Cambrian and not a transfer from another financial institution. To qualify for this offer, the minimum mortgage balance must be \$125,000 or greater in new financing and have a minimum 3 year term. This offer is available to new and existing Cambrian Credit Union members where a new residential mortgage is approved and funded meeting the minimum qualifications. This offer is available for owner-occupied properties and excludes any commercial or rental property mortgages. Only one incentive offer is made available per member. In order to receive this incentive, all members must be set up with an Unfee qualifying Premium Banking Account. If your mortgage is closed or is in default during its first term, this offer will be revoked and the \$500 incentive reimbursed back to Cambrian. All mortgage approvals and amortization repayment schedules are based on each individual member's creditworthiness. This offer is subject to change or cancellation at the sole discretion of Cambrian Credit Union.
